

## How You Can Support The Oconomowoc High School Robotics Team

The Oconomowoc High School Robotics Team needs to fundraise \$35,000 to compete for one season. We also need a variety of supplies to build the robot and lots of engineering assistance. These supplies include aluminum, steel, gears, chains, sprockets and lots of other small parts. Technical support like aluminum welding, Solid Works designing, mechanical and electrical engineering are needed. You could donate a combination of money, materials or technical support to the team.

### \$100+ Donor

- your logo/name on our team web site
- your logo/name on our team T-shirt (small)
- invitation to the regional competition

### \$500+ Contributor

- your logo/name on our team T-shirt (medium)
- your logo/name on our robot (small)
- free team T-shirt
- invitation to the team banquet

### 1000+ Sponsor

- your logo/name on our T-shirt (large)
- your logo/name on our robot (medium)
- five free team T-shirts
- end of year video/CD
- visit from robot after season is over at company meeting

### \$5000+ Partner

- your logo/name on our team T-shirt (prominent)
- your logo/name on our robot (large)
- invitation to shadow the program
- invitation to national competition (in years we can attend)

*Each level includes the previous level's options.*

All checks should be made out to OHS Robotics and can be mailed to:

Oconomowoc High School  
Attn: Cooney Robotics  
641 E. Forest St.  
Oconomowoc, WI 53066

For More Information Contact:  
Laurie Vertz  
262-569-9150 (this is my work number)  
lvrv@wi.rr.com

The students would be happy to come to your company and accept the check at a company meeting so photos can be taken. They will answer questions about the FIRST Robotics Competition and about the program at the high school.
